Sacramento Wants Them

Backed by the Sacramento Development Association, Sacramento has put in her bid for the nineteenth annual meeting of the Trans-Mississippi Commercial Congress. In addition to financing the congress, Sacramento offers it every natural inducement to come to California. The argument of the California city will be that it is time the congress came to the Pacific coast, especially as the state of California has so many matters of interest which it will put before the congress for its recommendation to the National Congress. President Loveland of the Commercial Congress has informed Secretary Arthur Francis from San Francisco that California will have an exceptionally strong delegation at the meeting of the congress in Muskogee. Okla., this November.

California is particularly interested in the fight which two of her chief cities, San Diego and Los Angeles, will wage for a parcels post. In fact, the California cities will lead in the fight, aided by El Paso and Austin, Texas.

There are a great many people who have slight attacks of indigestion and dyspepsia nearly all the time. Their food may satisfy the appetite but it fails to nourish the body simply because the stomach is not in a fit condition to do the work it is supposed to do. It can't digest the food you eat. The stomach should be given help. You ought to take something that will do the work your stomach can't do Kodol for indigestion and dyspepsia, a combination of natural digestants and vegetable acids, digests the food itself and gives strength and health to the stomach. Pleasant to take. Sold by L. S. Simmons.

Failure of the fruit crop will have no effect on the output of "doped" jams and jellies.

Cured Hay Fever and Summer Cold

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. L. S. Simmons.

A manager of a large vineyard at Fresno says he would pay a bonus of ten to fifteen per cent. for Chinese labor as against Japanese. When this reaches Oyster Bay, Fresno may expect a swat from the "Big Stick."

Occasional headache, belching, bad taste in the mouth, lack of appetite and slight nervousness are symptoms of indigestion which, when allowed to go uncared for, will develop into a case of dyspepsia that will take a long time to get rid of. Don't neglect your stomach At the first indication of trouble take something that will help it along in its work of digesting the food you eat. Kodol for indigestion and dyspepsia will do this. Kodol will make your food do you good and will enable you to enjoy what you eat. Sold by L. S. Simmons.

Pear blight is still ravaging some sections. One orchard in Woodland is said to be so badly affected that it will be dug up.

Of Interest to Many

Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. L. S. Simmons.

SUPERIOR COURT NOTES

Quite a rush of business marked the resumption of activity in the Superior Court after the termination of the annual vacation on Monday. Several new suits were commenced and other matters entered upon the register of actions.

A resume of the calendar day proceedings in the Superior Court Tuesday is as follows:

These matters were set for trial: Vowinckle vs. Jenkines, for October 17; Ames vs. Knowles, for October 1; Bane Estate Co., vs. Connecticut Fire Insurance Co., for October 29.

The petition to terminate the life estate of A. H. Smith in certain property, was submitted.

Antonio Gianoli was admitted to citizenship.

The suits of O'Brien vs. Batchelor and Guerin vs. Merritt Fruit Co., were continued to September 10.

Dina Kemper was named executrix of the will of J. H. Kemper.

P. L. Madsen was named administrator on the estate of M. C. Madsen, in a bond of $2,100.

W. F. Farrell is the administrator on the estate of Martin Farrell in a bond of $8,200.

The final account was settled and distribution ordered of the estate of I. H. Lezinsky.

F. A. Meyer was named administrator on the estate of Joseph Engel in a bond of $200.

An order to expend money of the estate of Julia Barry was made.

The annual account of the estate of Margaret M. Reynolds was settled and allowed.

These probate matters were continued: Estates of G. Montiverde, G. L. Bates, Mary C. Vanoni, Isaac Parsons and W. J. Norman to September 10; estate of Nellie L. Hedges, to September 11.

In Judge Seawell's department the demurrer was overruled and twenty days allowed to answer in the suit of John Rhodes against Isaac Templeton.

In the suit of Lenz vs. Lenz, the demurrer was withdrawn and ten days allowed to answer.

The demurrer was withdrawn in the suit of the County of Sonoma vs. Birdie E. Miller and a week allowed in which to answer.

The further hearing of the motion to vacate judgment in the suit of Frese vs. Patterson.

The demurrer was submitted in the suit of Lichau vs. Lichau.

The motion for a new trial in the suit of Consoli vs. Quinlan was submitted.

There being no appearance in the suit of Cole vs. Cole, the same was dropped from the calendar.

The suit of Rayner vs. Rayner was set for trial for October 15.

Informations were filed in the cases of the State against Andy Carrillo, Louie Narcisco and A. Santini.

Joe Guttierazz was discharged from custody. He had been charged with insanity.

A final decree of divorce was granted in the suit of Gutermute vs. Gutermute.

These matters were continued: Joseph vs. Souza, and estate of Walter Fritsch, to September 10; estate of H. H. Paxton, to November 4; estate of Catherine Alton, to September 16.

The trial of the case of the State against Joseph Forget was set for October 10.

DeWitt's Carbolized Witch Hazel salve is good for boils, burns, cuts, scalds and skin diseases. It is especially good for piles. Sold by L. S. Simmons.

When Roosevelt is an editor the news fakers will get what happened to the nature fakers. It has been coming to them for a good while.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. L. S. Simmons.

Vesuvius is smoking again. It's too old now to be cured of a bad habit.

DeWitt's Little Early Risers are good for any one who needs a pill. They are small, safe, sure, little pills that do not gripe or sicken. Sold by L. S. Simmons.

Bulletin of Progress

California's harvest has been in full tide during the month of August, and reports received by the California Promotion Committee from all parts of the state indicate that producers are getting splendid returns from crops. In a few lines crop shortages are noticed, but increased demand and high prices more than make up the deficiency. During the month more than four thousand carloads of green fruit were shipped from the state. Grapes have been especially good and high prices for all classes have prevailed.

Building operations throughout the state have been active, and include many new school houses and factories in all parts of the interior. This increased building is especially noticeable in larger cities and towns. In San Francisco conditions in building have been maintained on a par with that of several months past.

Demand for labor throughout the state continues. In San Francisco the demand in the building trades is at present supplied, with the exception of lathers, plasterers, plumbers and stair builders.

The following summary for August shows California conditions:

San Francisco building permits, $2,971,125.

San Francisco building permits since the fire, $81,221,745.

Oakland building permits, $691,-261 45.

San Diego building permits, $295,200.

San Francisco real estates sales, 612; value, $1,700,000.

San Francisco bank clearings, $184,151,623.66.

San Francisco bank clearings, August, 1606, $89,884,54,795.

San Francisco bank clearings, August, 1905, $155,841,918.85

Los Angeles bank clearings, $47,591,514.

Oakland bank clearings, $10,102-961.51.

San Jose bank clearings, $2,226,-975.50.

Stockton bank clearings, $2,094,-102.57.

San Francisco customs receipts, $480,282.82.

The New Pure Food and Drug Law

We are pleased to announce, that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. L. S. Simmons.

God does not take account of sex in figuring out the enormity of the offense.

Tired mothers, worn out by the peevish, cross baby have found CASCASWEET a boon and a blessing. CASCASWEET is for babies and children, and is especially good for the ills so common in hot weather. Look for the ingredients printed on the bottle. Contains no harmful drugs. Sold by L. S. Simmons.

The total wheat yield of the state will be twenty to thirty per cent. short of last year.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. L. S. Simmons.

Dunn & Co., report dried fruit market "nothing doing." Eastern buyers maintaining that the Californians are holding everything too high.

The way to get rid of a cold, whether it be a "bad cold" or just a little one, is to get it out of your system through the bowels. Nearly all cough cures, especially those that contain opiates, are constipating. Kennedy's Laxative Cough syrup contains no opiates, and acts gently on the bowels. Pleasant to take. Sold by L. S. Simmons.

When a man wants to do wrong he never has any trouble in finding an excuse.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents bright's disease and diabetes. L. S. Simmons.

Benjamin Ide Wheeler, Politician

We would like to know if Benjamin Ide Wheeler, President of the University of California, is paid $10,000 per year to do politics or to manage the said institution of learning.

He has butted into the local post office fight in Berkeley and is certainly not adding to his standing as a state educator in showing partisanship in local politics. We cannot imagine any good reason why he should slight his professional duties, as he evidently has done and use the influence of his position to do politics. We were always led to believe that the State University was a non-political institution and the good people of California liberally supported the great school as a place where the youths of the state could receive a liberal higher education.

This is not the first time that Benjamin Ide Wheeler has endeavored to dictate appointments and policies that rightly belong to the people and it appears to us that in the name of common courtesy and constitutional right, the people should demand that he show more respect to the rights of the citizens of this great commonwealth.

Turn Them Down

About ninety-nine out of every hundred, if not more, of the chain letter schemes are frauds. In great generous America any worthy object needing financial assistance can get it without resorting to the pestilential chain letter graft.

The latest scheme to raise a lot of easy money from gullible people, was the alleged plan, (chain-letter-gold-brick-plan) to raise a monument to our late lamented President, Wm. McKinley.

Judge Day, to whom the money was to be sent, has issued a statement in which he says he knows nothing about the project and did not authorize the use of his name in connection therewith.

Somebody is getting the coin and the postal authorities are endeavoring to find out whom it is.

A Modern Officer

The old style official used to stand in with push and "didn't see things." The most popular officer in this day and generation is the one who enforces the law on all alike. All honor to the man who has back bone enough to do his duty at all times. Cowards don't because they are afraid of offending the violator thinking nothing of offending the peace and dignity of the rest of the community.

Grape Talk

The Napa winery is reported as having made heavy purchase of grapes in the Sacramento Valley, paying at the rate of $16 per ton therefor. The Napa winery, which is one of the largest in the state, is not in the combine and hence, it is alleged had to pay a higher rate than that fixed by the combine, to get the grapes.

Many growers of choice grapes in that section, have received offers of $18 per ton. Some have accepted those figures while others are holding out for $20.

Gets Five Years.

Louis Glass, vice president of the Pacific States Telephone and Telegraph Co., was sentenced to five years imprisonment in San Quentin, on a conviction of the charge of bribery.

TRUSTEES MEET

At a meeting of the Board of Trustees of the City of Sonoma, held last Friday evening, Trustee Wagnon was absent. Trustee Bates moved that the applications for saloon licenses, having complied with the new ordinance, be granted. The motion not being seconded the meeting adjourned until Saturday evening.

At this meeting the licenses were granted by Trustees Hotz, Bates and Wagnon, Trustees Breitenbach and McDonnell being absent. No further business appearing, the meeting adjourned.

On Wednesday night, Sept. 4, all members except Trustee Wagnon, attended the regular monthly meeting of the Board of Trustees. Mayor Hotz called the meeting to order as a Board of Equalization. A resolution raising the city assessment on various property owners, was passed. The total amount of the increase was about $16,000.

The following bills were passed: Aug. Clerici, stone curbing, $7.50; H. Pooler, labor, $3; Wm. Green, estate, lumber, $18.90; A. Pinelli, street sprinkling, $75; Sonoma Valley Co., lights, $36.40; J. H. Albertson, salary, $15; Mrs. L. V. Empiran, city water, $15; A. M. Haraszthy, labor, $2.25; J. B. Small, salary, etc., $25.80; W. O. Hocker, printing, $2.50; H. Granice, advertising, $42.35; Jos. F. Ryan, livery, $2.

POWDER MILL BLOWS UP

At 1:25 yesterday afternoon, another powder mill was blown up. This time it was the Gelatine Packing House, belonging to the California Powder Works located at Hercules. The building was demolished and two white men and two Chinese were killed. A deep hole marks the spot where the building stood. The detonation was plainly heard and felt in Sonoma and startled many people here. In Petaluma it sent the people in a panic. The Argus says: "In this city the explosion was of greater force than any of the recent powder mills explosions. Buildings were shaken, windows and doors rocked, and people fled to the streets in great alarm. The children of the B street Grammar school left the building and ran into the yard. Many horses were frightened. All afternoon the Argus was besieged with people who desired to know the cause of the explosion, but no information could be secured. The report sounded like a tremendous cannon."

Grand Jury is Legal

Judge Lawlor on Tuesday overruled the motion to set aside the indictments against Schmitz and officials of the United Railroads, Gas and Telephone Companies. His decision removes the last obstacle to the trial of all those indicted in connection with the graft cases. The defendants claimed the grand jury was invalid when the indictments were returned.

A Playful Zephyr

Yesterday afternoon, a playful gust of wind, while passing over the Bigelow ranch, tarried on its way to treat the workmen to a little surprise. It caught up three heavy trays loaded with prunes, which requires two men to handle one at a time, and raised them in the air quite a distance, scattered the contents, and slammed them at the workmen, who had to do some lively sprinting to keep out of the way of the flying trays and falling fruit. One fruit tray broken and a lot of bruised fruit, was the sum total of the damage done.

RACES! RACES!

Prospects are favorable for the biggest race meeting ever given here under the auspices of Sonoma Driving Club on next Monday, Sept. 9th., Admission Day. There will be six good races, four harness events and two running. A special race between A. Hoffman's Kitty D., A. Schwartz's Clara L., M. Lonergan's Myrtle, will be held. Kitty D. is the pride of the Speedway of San Francisco; the other two horses are well known locally.

Supervisors in Session

The Board of Supervisors met Tuesday morning at the court house in regular monthly session. On the third Monday in this month the Supervisors will meet as required by the law and will fix the tax levy for the ensuing year.

Petitions have been filed asking the Supervisors when they make the levy to include a $15,000 special school tax for the Sonoma Valley Union district; $1,200 for Cloverdale school district; and $300 for Glen Ellen district.

The Supervisors will be in session all this week. Considerable business is to come before the board

Sulphuring Fruit

That the problem of fruit sulphuring will receive immediate and adequate attention from the United States government was made apparent when Manager Arthur R. Briggs of the California State Board of Trade received a telegram from Secretary Wilson of the Department of Agriculture announcing that he had dispatched the best experts in the bureau of chemistry to this state to study the question at close range. The experts will work in conjunction with Prof. M. E. Jaffa of the State University and Federal Chemist Gould, stationed on the Pacific coast.

The result of their work will be a report to Washington, which, it is hoped, will ameliorate the conditions imposed by the enactment of rule 76, which threatened great loss to the growers and packers of California by limiting the quantity of sulphur which could be used in preserving the fruits to an amount far less than was necessary to keep them and less than the amount allowed in any other country in the world.

The packers are standing to their contracts with the growers, and under a temporary dispensation from Washington are continuing to preserve the fruit in a wholesome manner and exporting the acceptable food products as heretofore. All will feel relieved, they say, when the government removes the exacting conditions of an ill-advised ruling.

LABOR DAY

Labor Day was fittingly observed throughout the State last Monday. Santa Rosa had a big demonstration and parade in which the Unions from Sonoma and Marin Counties took part. Sheriff John K. Smith was president of the day and Hon. A. G. Burnett the principal speaker.

A SURE INSECTICIDE

Experiments conducted by Mr. Bearrs at the University substation near Tulare, demonstrate that one five-cent bar of Ivory Soap dissolved in five gallons of water makes as perfect an insecticide as kerosene emulsion or whale oil soap, and has no disagreeable odor.

It has been successfully used on the different Apides, including the woolly aphis of the apple and pear, San Jose scale, one variety of Diaspis, and two undetermined species of scale; also the white fly that feeds on the underside of the grape leaf. It will instantly kill ants on the lawn or elsewhere. It is pronounced to be as useful in protecting cattle and horses from flies as any of the commercial preparations.—Tulare Register.

SUMMONS

In the Justice Court of Sonoma Township, County of Sonoma, State of California.
E. ZUGNONI, Plaintiff, vs. E. M. JENKINS, Defendant. } Original summons

The people of the State of California send greeting to E. M. Jenkins, defendant.

You are hereby required to appear in an action brought against you by the above-named plaintiff in the Justice's court of Sonoma township, county of Sonoma, state of California, to answer before the Justice at his office in said township, the complaint filed therein within five days (exclusive of the day of service), after the service on you of this summons—if served within the township in which this action is brought; or, if served out of said township, but in said county, within ten days or within twenty days if served elsewhere.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in his complaint as arising upon contract, or will apply to the court for the relief demanded in the complaint.

Make legal service and due return hereof.

Given under my hand, this 18th day of June, 1907.

Jack and the Bean Stalk

Jack and the Bean Stalk has a rival in real life in Frank Quartaroli's garden back of the Sonoma House. He has vines growing there 16 feet high, loaded with fine large Italian wax beans to the very top. The only reason that the vine was not taller is that that is the pole limit. He has also some remarkable tomato vines over 6 ft. high. This speaks volumes for the soil and climate of old Sonoma, and for the skill of Mr. Quartaroli as a successful gardener. Frank says that next year he will train the beans over the hotel and gather his crop off the roof.

Good Investments

The best investment a young man can make is to put his savings into real property in a growing city. Many fortunes had their beginning in just such investments. Sonoma city has just such an opportunity. A rapidly growing city, where real estate values are continually increasing, as they are here, gives exceptional chances to make a good start in life for any young person earning money.

See W. O. Hocker, at the Expositor Office for particulars.

BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only falsity, who, without making an effort to inform themselves, blatantly cry offense against honesty and truth—seem to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases peculiar to women.

Truth and Influence. A name for honesty and square dealing is better than great riches. Fraud is a bubble that soon bursts. Dr. R. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials as to their ability to cure diseases for which they are recommended.

True Speaking. No man ever lost a prospective customer through telling the truth. In the long run Dr. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

Valuable Trade Secrets. The ingredients of Doctor Pierce's Favorite Prescription are given to the public. He vindicates the excellence and harmless character of his "Prescription" by letting ailing women know just what they are taking when they use this reliable tonic and nervine for the diseases and illnesses peculiarly feminine. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root, Lady's Slipper root, with chemically pure glycerine of proper strength for extracting and preserving the active medicinal principles residing in the above native roots.

No Alcohol Used. Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" for weak women, or his "Golden Medical Discovery," the well-known alterative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used at a proper and sustained temperature than is alcohol; and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective anti-ferment. Although costing somewhat more, Dr. Pierce predicts that glyceric medicinal extracts will, in the not distant future, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary no matter how good or well adapted to the case it may be in order to obtain permanent results.

Dr. Pierce's Pleasant Pellets. When the "Favorite Prescription" is not quite laxative enough, as in obstinate constipation, the little, pleasant, sugar-coated "Pellets" should be taken to aid the "Prescription." One or two for a laxative, two to four for a cathartic. They alone have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. They act on the liver and regulate the bowels. Put up in glass vials, corked, therefore, always fresh and reliable.

E-RU-SA CURES PILES OR $50 PAID

The only Pile Medicine NOT under the the ban of State or national Drug laws, because it does not contain "opium, cocaine, or like substances"

DR. L. GRIFFIN: It is simply a fact that there is absolutely no Pile Medicine on the market which I can conscientiously recommend except E-RU-SA PILE CURE. I inform my customers that all of the old preparations are filled with narcotic poisons, COCAINE, LEAD, MERCURY, or ERGOT.—G. V. Hackney, Ph. G. M. D., Kansas City Mo.

DR. L. GRIFFIN:—In twenty years' experience I do not know of any medicine curing Piles except your non-narcotic Pile Cure. I KNOW IT CURES. J. H. Trout, M. D., Los Angeles, Cal.

ONLY Druggists of "highest standing" and reliability sell E-RU-SA in Sonoma, viz: L. S. SIMMONS, and EASTLAND'S Model Pharmacy. Following self-explanatory letters are samples of 41 from wholesale firm.

THE BEST INDIA INK.

It Is Redolent of Musk, Bright With Gold and Very Costly.

"This india ink," said the clever Chinese art student, "has no more right to be called Indian than your American redskins have to that name. for india ink all comes from China, and India never produced a stick of it.

"Anhui, my own province, is the one where India ink is made. The best of the ink is kept at home for the use of the royal scribes and the official litterati. It is only the lower grade that is exported. This lower grade sells at wholesale in Anhui for $1,500 a ton.

"The very best grade of india ink, the kind rich with gold, is worth $75,000 a ton.

"The constituents of india ink are colza oil, pork fat, lampblack, glue, musk, gold leaf and the oil of a poisonous tree, the heng, which grows only in the Yangtse valley.

"After the admixture of the oils the lampblack, the fat and the glue, the resultant paste is beaten for many hours with steel hammers upon wooden anvils, and during that long beating certain quantities of musk and of gold leaf are added, the musk to give the ink perfume, the gold to give it luster.

"Afterward the ink is dried for three weeks in molds. The stocks are then decorated, the most artistic scribes gilding them with very beautiful Chinese characters.

"There is no ink worthy to be mentioned in the same breath with ours, an ink redolent of musk and bright with gold."—Exchange.

THE RESTLESS MORO.

He Is Never Happy Unless on a Marauding Expedition.

The Moro is brave to fearlessness, a born pirate and essentially a first class fighting man. He is never happy unless on a marauding expedition and stealing from his neighbors, friends and foes alike. The chief who is the most successful thief is the most respected and the most powerful among chiefs.

The Moro trades with his neighbors on market days in the various coins of the realm and foreign moneys. At other times he is a free ocean rover, extending his trading voyages as far north as the islands of Negros and Panay, south to the Celebes and Borneo and westerly to the Palawan. He is the most successful of smugglers, and a little act of piracy when chance offers goes without mention. The Moro is the most perfect of aquatic beings, the most skillful small boat sailor or large "prau" navigator extant. He can no more drown than can a fish. There is no record of a drowned Moro. He can dive to the bottom of the sea at depths of from twenty-five to a hundred feet for the valuable mother-of-pearl shell, and his life is largely lived at sea from infancy. Along the coast many of the Moro villages are built over the water.—Colonel Owen J. Sweet, U. S. A., in Harper's Weekly.

Importance of Hobbies.

For the well being and stable balance of every mind it is normally necessary that every man should have some pursuit which shall be unconnected with his business, which he must pursue with absolute seriousness. The hobby may be a game, it may be a collection of some sort (even stamps) or it may be some artistic achievement, and whether a man scarcely attains mediocrity even in it matters not at all, provided he pursues it with the fixed idea that nothing else in the world matters.—London Queen.

Tree Snakes of Borneo.

The flying frogs of the Malays appear to be mythical, but the tree snakes of Borneo are credited with taking flying leaps from the boughs of trees to the ground. It is found that scales on the lower part of the body may be drawn inward so that the whole lower surface becomes concave. The resistance to the air is thus greatly increased and experiments indicate that the snakes do not fall in writhing coils, but are let down gently in a direct line by the parachute-like action of their peculiar bodies.

The Cravat.

The cravat was once the name of a great military nation, the Croats, or Cravates, of the Balkans. It was their fashion to wrap large shawls or pieces of cloth around their necks and shoulders. About the middle of the reign of Louis XIV. he uniformed several regiments in the Croat fashion, with huge shawls about their necks. The fashion took, and the style diminished in size to the slight strip of cloth we still have with us.

Hearsay Evidence.

"See here, Jokely, I'm surprised to find you writing such bitter, cynical things about married life."

"Well—er—Benedict, you see, the fact is—er"—

"Oh, don't apologize. It isn't that. What surprises me is how, not being married, you know all these things."—Boston Transcript.

About the Only Place.

A company of settlers in naming their new town called it Dictionary, because, as they said, "that's the only place where peace, prosperity and happiness are always found."

The notion of God which makes him a manufacturer of footstools, our enemies being the raw material, is still popular in some quarters.—Puck.

When Blondin Was Afraid.

One of Blondin's favorite jokes was to offer to carry some distinguished spectator across the rope with him on his back. Everybody naturally refused, and the great equilibrist, with a genial smile, would say, "I am sorry you are afraid I should drop you." But he was hoist once with his own petard.

He was exhibiting in Paris and was about to cross the Seine on his rope. Cham, the great caricaturist, had come to make a sketch. Blondin, recognizing him, at once invited him to cross with him.

"With pleasure," replied Cham, "but on one condition."

"And that is"— queried Blondin.

"That I shall carry you on my back," answered Cham.

"Not if I know myself," answered Blondin.

"Ah," triumphantly exclaimed Cham, "this time, M. Blondin, it is you who are afraid."

LOCAL SEED GROWING.

Careful Seed Corn Growers Needed In Every County.

In a recent bulletin of the Nebraska station reporting a series of experiments of different kinds of corn T. L. Lyon makes the following statements, which have a most important bearing on the subject of home grown seed:

When corn grown in one section of the country for a number of years is moved to another section where soil and climate are different the plant always undergoes more or less change during the first two or three years before it becomes adapted to its new condition.

In an experiment to show the definite effect of climate in modifying the corn plant the weight of both stalk and ear was found to be heavier in the corn grown from the seed just from Iowa but the proportion of ear to stalk was higher in the acclimated corn. The Nebraska corn averaged almost 200 square inches less leaf area, which was to be expected of plants grown in a drier climate. The yield of grain was in favor of the home grown seed.

To get the best results in corn growing the seed must be home grown and grown not only in the same state, but in the same locality.

Neat Garden Implement.

A neat attachment to a garden roller, figured in Farm Progress, is made as follows: Bore holes eight inches apart lengthwise in the roller and put in pins. To mark the garden make these

pins each hold a small rope, encircling the roller by driving them into the holes beside the ends of the rope. More than one row of holes can be used to change distances. Tack strips lengthwise of the roller to mark places in the row for setting plants

The Dangers of the Mines.

Great and mystically dreadful is the earth from a mine's depth. Man is in the implacable grasp of nature. It has only to tighten slightly and he is crushed like a bug. His loudest shriek of agony would be as impotent as his final moan to bring help from that fair land that lies like heaven over his head. There is an insidious silent enemy in the gas. If the huge fanwheel on the top of the earth should stop for a brief period there is certain death, and a panic more terrible than any occurring where the sun has shone ensues down under the tons of rock. If a man may escape the gas, the floods, the "squeezes" of falling rock, the cars shooting through little tunnels, the precarious elevators, the hundred perils, there usually comes to him an attack of "miner's asthma" that slowly racks and shakes him into the grave.—Stephen Crane.

Hardened.

"Listen to this, Maria," said Mr. Stubb as he unfolded his scientific paper. "This article states that in some of the old Roman prisons that have been unearthed they found the petrified remains of the prisoners." "Gracious, John!" replied Mrs. Stubb, with a smile. "I suppose you would call them hardened criminals."—Chicago News.

But He Was Cured.

"I think I'll have to take treatment for the forgetting habit. From whom did you take your treatment that was so satisfactory and successful in improving your memory?"

"From—ah, from—ah—oh, I forget his name, but wait a minute, and I'll get one of his cards out of my desk."—Exchange.

Not a Dog.

Old Lady (to chemist)—I want a box of canine pills. Chemist—What's the matter with the dog? Old Lady (indignantly)—I want you to understand, sir, that my husband is a gentleman. (In profound silence the chemist put up some quinine pills.)—London Queen.
